

Where can I buy 1.5V batteries?

Buy 1.5V Batteries at Screwfix.com. Keep all small electronic devices running smoothly. Wide range of types and pack sizes. Hundreds of stores nationwide.

Does GivEnergy sell a half-price inverter?

With every purchase of a low-voltage GivEnergy battery, we'll sell the inverter at half price. Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home.

How do I get a half-price inverter?

Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home. Find an installer in your area via the GivEnergy website and reach out to them.

Can a wholesaler offer a half price inverter?

The installer can supply half price inverters to many end users. The wholesaler should apply the inverter discount to the installer at point of sale. Wholesalers will then receive their remuneration in the form of credits against future bulk orders. This is intended as a homeowner offer.

When can I get a reduced price inverter?

This is a time-sensitive offer running for a limited window only. With that in mind, only systems ordered between October 7 2024 - December 31 2024 are eligible for a reduced-price inverter. Does the installer need to request the discount as part of their order with the wholesaler?

How does a battery inverter work?

A battery inverter works by redirecting the current that your battery produces to your car, caravan, motor home or any other electrical appliance into a different and more suitable current.
