

What is a battery workshop?

The workshop will include participants from across the battery ecosystem and cover a range of topics, including mechanisms for effective battery deployment and strategies for supporting battery supply chains. The findings from the workshop will serve as an essential input for the IEA's upcoming Battery Special Report.

Why should a battery factory be a local Gigafactory?

By establishing local gigafactories, automakers, and battery manufacturers can reduce supply chain dependencies, ensure a stable and timely supply of batteries, and potentially benefit from government incentives and regulations that promote domestic battery production.

What is BASF's battery materials & recycling activities in Europe?

Join us on an exclusive site tour that delves into the heart of BASF's Battery Materials and recycling activities in Europe. BASF's production site in Schwarzheide is a vital component of the European value chain for electromobility, playing a pivotal role in establishing a circular economy for electric vehicle batteries in Europe.

When will the IEA's battery special report be published?

The IEA will convene leaders from government, industry, the financial sector, international organisations and academia for a workshop to inform the IEA's Battery Special Report, to be published in the first half of 2024.

Where is BASF battery materials & recycling located?

BASF Battery Materials and Recycling, Schwarzheide. Join us on an exclusive site tour that delves into the heart of BASF's Battery Materials and recycling activities in Europe.

How can battery technology help decision makers?

While the world continues to scale up the deployment of batteries, there is already a wealth of technical and market experience to guide decision makers. Sharing key challenges and cutting-edge solutions can help identify priorities and best practices.

The workshop will include participants from across the battery ecosystem and ...

An in-person event to showcase recent advances in battery research and innovation in Europe. ...

The Mercedes W211 is aging and starts to show some messages which probably all owners will see. This video is about the RED Battery Visit Workshop message. H...

Join us in Munich from May 7-9, 2025 to meet battery production technology experts and the world's leading

cell manufacturers! This year, the exhibition will once again feature special ...

Battery cell research and production for the American market. The Fraunhofer Competence Center for Battery Cell Production is an initiative of research institutions of the Fraunhofer ...

Join us on an exclusive site tour that delves into the heart of BASF's Battery Materials and ...

This year the workshop features a virtual showcase of NAATBatt member recycling companies that are in the business of acquiring lithium-based batteries, black mass and/or industrial scrap ...

This work is a summary of CATL's battery production process collected from publicly available sources in Chinese media (ref.1,2,3). CATL (Contemporary Amperex ...

The production workshop of GUANGZHOU PALMA BATTERY CO.,LTD. English. ... Motorcycle Battery Car Battery UPS Battery Motion Battery. Product Item2. Product Item3. Contact Us ...

?Go straight to the production front! Our factory uses top-notch automated production lines, and each mobile phone battery is crafted with precision machine...

Join us in Munich from May 7-9, 2025 to meet battery production technology experts and the ...

Join us on an exclusive site tour that delves into the heart of BASF's Battery Materials and recycling activities in Europe. BASF's production site in Schwarzheide is a vital component of ...

In this workshop, you will gain comprehensive insights into the most important trends in battery production through three keynotes by renowned experts from the Fraunhofer ...

This two-day workshop on advanced imaging and characterization ...

XRH NEW ENERGY is registered in Wuhan, Hubei, China, and the battery production factory ...

Manufacturing Process and production Line; 12.30-13.30. Exhibition visit & lunch; 13.30-17.00. BMS. Product Solutions and Component . Product roadmap . DV/PV Testing Project and ...

Visit our News section for post-event updates and sign up now for 2025! Check out our Industry Members! ... Prototyping, process, scale up, and manufacturing innovations for battery cells ...

An in-person event to showcase recent advances in battery research and innovation in Europe. This workshop brings together world-leading battery experts from both research and industry ...

In this workshop, you will gain comprehensive insights into the most ...

By establishing local gigafactories, automakers, and battery manufacturers can reduce supply chain dependencies, ensure a stable and timely supply of batteries, and ...
