

How do I contact a capacitor supplier?

With offices throughout the world, we are able to communicate with suppliers regardless of their location. You can contact us by entering a capacitor's part number into the search bar above. After that, we will get in touch with you regarding the pricing and availability of your capacitor. What's a Capacitor?

Where can I find the capacitor I Need?

Regardless of the capacitance that you are searching for - from 0.1 microfarads or 10,000 microfarads - you will find the capacitor you need here at CPC. Discover robust and reliable electrolytic capacitors, tantalum capacitors and a whole lot more from our capacitors range from trusted manufacturers.

Where can I buy a capacitor kit?

For North American enthusiasts, the kit can be purchased directly from Victor Kung of VKMusic in Canada, which includes English instructions. The kit currently runs \$725 US for the "DX" version from Victor, which includes 4 Amtrans AMCO 104 PET capacitors as well as 4 Nichikon conductive polymer aluminum electrolytic capacitors.

What types of capacitors are available?

Range of capacitors including ceramic,electrolytic,motor run,polypropylene,polyester,suppression and tantlum capacitors. We stock capacitors suitable for through hole and surface mount applications,available in a wide range of voltages and capacitance values. Invite customers to join your mailing list.

Where can I buy AC capacitors?

AC capacitors can be bought from various online sources such as Amazon and Walmart. If you are in a hurry and do not have time to order,there are also local storeswhere you may find them.

Where can I buy a replacement capacitor?

When purchasing a replacement capacitor,consider the brand. If possible,you should get the brand of the capacitor you are replacing. If this is difficult,you may want to call the AC manufacturer and enquire about places to buy the same exact capacitor.
