

How do I use BatteryInfoView?

Once you've downloaded and unzipped BatteryInfoView, you just run it (it doesn't install). There are two main tabs of information: Battery Information and Battery Log. Battery Information, the main view, shows most of the same information as the Windows 10 or 11 built-in battery report does.

How do I know if my battery needs replacement?

You can check the "design capacity" and "full charge capacity" to determine whether the battery needs replacement. On my device, the battery reports a capacity of 38,912mWh, and the "full charge capacity" is 38,912mWh, indicating that the battery can still hold 100 percent of the charge.

How do I know if my electric car battery is healthy?

For a comprehensive view of an electric car's battery health, visit a certified service centre. Trained technicians can perform diagnostic scans using specialised equipment to assess the battery's condition. Diagnostic scans can reveal in-depth information about the battery's internal resistance, capacity, and overall health.

How do I find out if a battery has been installed?

The section with the most information you want is perhaps the "Installed Batteries" section because it includes a general overview of the battery installed on your device, such as name, manufacturer, serial number, chemistry, design capacity, and cycle count.

How do I generate a battery report?

The actual battery report you'll be generating is an easy-to-understand web page file. You just have to run a single command to create it. First, open a PowerShell window. Press Windows+X or right-click the Start button (represented by the Windows icon) and choose "PowerShell" from the Power User menu.

How to check battery life in Windows 11?

Open File Explorer and access the C drive. There, you should find the battery life report saved as an HTML file. Double-click the file to open it in your default web browser. The process works similarly in Windows 11. Right-click on the Start icon, but now you will select Windows Terminal (Admin) instead.
