Where are solar panels installed?

Our solar panel installers cover a number of areas including Ashford and Medway Town in Kent, Essex, Leicester, Cambridge, Oxfordshire, Cheshire, Lancashire, Yorkshire and Cumbria. Contact Solar, a solar panel company that provides and installs commercial and residential solar PV panels UK & battery storage systems.

What is solar battery storage?

Solar battery storage refers to the ability to store surplus electricity generated from solar panels for later use. This makes users less reliant on the national grid and provides backup power during power outages. A plug socket can be added to the system to provide power through the outlet.
