

What's new at Sunlight's Xanthi battery plant?

Specialist battery company Sunlight, a member of Olympia Group, will significantly increase manufacturing capacity and create new jobs at its state-of-the-art plant in Xanthi, northern Greece, following a EUR25 million, 10-year loan from the European Investment Bank (EIB) which was confirmed earlier in Athens today.

How much money will a battery company invest in 2023?

Of its EUR-560-million business plan, the company will invest EUR 450 million to boost its sales network and production capacity up to 6.3 million battery cells by the end of 2023. This effort includes investment in equipment and mergers and acquisitions.

Who makes sunlight batteries?

Sunlight is currently the third largest manufacturer of batteries in the global motive power battery industry, with about EUR1 billion of consolidated annual sales and a workforce of approximately 3,100 people.
