

Hanoi home energy storage equipment manufacturer address

Is battery energy storage systems a new wave in Vietnam?

A New Wave in Vietnam's Energy Sector: Battery Energy Storage Systems (BESS)! Vietnam is at the forefront of a transformative shift towards renewable energy, with Battery Energy Storage Systems (BESS) emerging as a cornerstone technology in ensuring grid stability.

What is EnTech Hanoi 2024?

The exhibition has been held annually since 2009 and is expanding. From 2024, ENTECH HANOI will be organized with thematic exhibitions including Vietnam International Battery and Energy Storage Technology Exhibition 2023 (Battery Expo); Vietnam International Electrical Equipment and Renewable Energy Technology Exhibition (VIEE Expo 2024).

Why do we need efficient storage solutions in Vietnam?

Despite Vietnam's current heavy reliance on fossil fuels, the imperative for efficient storage solutions has never been more urgent, aiming to integrate renewables seamlessly, reduce dependence on traditional grid electricity, and curb greenhouse gas emissions.

What is EnTech Hanoi?

The organizers believe that, with the participation of co-organizers, ENTECH HANOI will increasingly become an effective exhibition for businesses participating in the fields of Energy and Environment and related industries. The German electric vehicle manufacturer e.GO and the Aachen-based battery recycling start-up...

How can Bess help Vietnam achieve energy transition objectives?

Beyond grid stabilization, BESS plays a pivotal role in advancing Vietnam's energy transition objectives. By effectively managing energy supply and demand, BESS contributes significantly to achieving targets for renewable energy adoption and diminishing reliance on fossil fuels.
