

# How much does lithium battery insurance cost

Does insurance cover lithium ion batteries?

Some international insurers require a Class D,F-500,9-litre (up to 4.8KWh) or an extinguisher specifically for Lithium-Ion fires. The UK insurance industry no longer covers business fires caused by Lithium-ion batteries. While this is more for larger-scale storage,exclusions are rapidly spreading to consumer use of Lithium-ion battery devices.

How much does a lithium battery fire cost?

Unfortunately,fires started by lithium batteries have only become more frequent and more devastating. The average cost of a lithium fire-related claim is £50,000. This includes fires caused by leaking and damaged batteries and overcharged e-vehicles igniting at home.

How much does a lithium fire claim cost?

The average cost of a lithium fire-related claim is £50,000. This includes fires caused by leaking and damaged batteries and overcharged e-vehicles igniting at home. This is higher than the price of a laptop,phone and many e-vehicles,meaning the damage is spreading beyond the device.

Are lithium ion fires covered by insurance?

Under-insurance is the bane of most consumer insurance claims. Lithium-ion fires have thermal runaway that makes them almost impossible to extinguish. Home fires related to these devices are often complete losses.

Are lithium-ion batteries a risk hazard?

The most common loophole was the clause to take every precaution to reduce the insurance company's exposure to risk. Lithium-ion batteries are a known high-risk. The key issue is the need for insurance companies to develop a Lithium-ion device risk profile to calculate premiums coverage and exclusions.

Are lithium-ion batteries safe?

In December 2022,the ACCC declared Lithium-ion batteries a product safety priorityfor 2023 and issued a discussion paper. The most interesting fact is that Lithium-ion batteries,particularly those using Lithium Cobalt Oxide (most) and Lithium Aluminium Oxide,had the lowest thermal stability and highest thermal runaway risk.
