

Where can I buy a replacement battery for a power tool?

We have the perfect solution here at UKBATTERY LTD with our high-quality affordable replacement batteries. Buying original cells from the power tool manufacturers such as DeWalt and Makita can account for around half the cost of the tool. When replacing several batteries at the same time, the cost can soon add up.

Can a power tool battery pack be rebuilt?

If you have a power tool battery pack that is no longer holding its charge, we can rebuild your existing battery pack in-house. Save money - There's no need to purchase a new battery pack, simply refurbish your existing one. We can recell & repair Ni-Mh and Ni-Cad battery packs.

Do power tools & drill batteries lose their charge?

Over time, power tools & drill batteries lose their charge and may require frequent charging. Do you have to swap your battery several times an hour? Are you constantly having to wait for your battery to get to full power? Could you do with a spare battery in your toolbox just in case?
