

Who is my home solar UK?

At My Home Solar UK, we make renewable energy accessible, affordable, and straightforward. My Home Solar UK was born out of a commitment to create a more sustainable future. Since our inception, we have been dedicated to helping businesses and homeowners harness the power of the sun through our specialised solar PV installation services.

Who is the founder of solar energy UK?

Leading our team is our founder, Robert. With his extensive experience and passion for renewable energy, Robert has been instrumental in shaping our company's vision and commitment to promoting solar power across the UK. He believes in the transformative power of solar energy and is committed to making it accessible to all.

Why should you choose United Solar Group?

United Solar Group is at the forefront of this transformative journey. Our projects are designed to protect nations from the unpredictability of global energy markets, ensuring that energy security is stable, reliable, and continuous. Implementing sustainable energy solutions to ensure reliable power supply and support national energy strategies.
