Get solar panels fully fitted from £4,999. Solar Power NI are the leading solar panel installers with over 23 years experience in the industry. We design, and fit full solar panel systems across Northern Ireland with a track record of satisfied customers who are saving £1,000's on their energy bills each year. Why choose us?

Who are northern solar?

Together we're lighting up a greener future for all! Northern Solar was founded in 2006, marking a pioneering presence as the Very First Solar PV Company in Merseyside and the second in the entire North West of England. Over the years, we've witnessed remarkable growth, evolving into the industry leader we are today.

Are northern solar MCs approved?

Northern Solar are MCS approved. We offer Solar Panel Installation, Maintenance and Repairs for Residential or Commercial Systems across the U.K.

Do north-facing solar panels produce more solar energy?

As the UK is in the northern hemisphere, south-facing panels will receive the most sun exposure throughout the day and, therefore, will produce more solar energy. However, this doesn't mean that north-facing solar panels are fruitless.

How much power do north-facing solar panels produce?

For a typical 3kWp solar photovoltaic (PV) system, north-facing panels will produce approximately 1,145 kWh of electricity per year, compared to, say, 1,361 kWh for a south-facing installation. So, north-facing panels don't produce zero energy, but it is considerably less.

Solec Renewables is a long-established Northern Ireland born renewable energy company with over 14 years operating experience specialising in the design, installation and integration of ...

We are an experienced photovoltaic design, installation and commissioning company based in ...

Solar Panel Installation Across Northern Ireland & Ireland. Solar panel installation is now accessible to more people in modern times. Making the switch couldn't be any easier. ... PV ...

Our exclusive selection includes top-tier solar PV and energy storage products that meet the ...

Specialists In Solar Photovoltaic & Battery Storage Systems, Providing Bespoke Design & Professional Installation Of Grid Connected Systems. Trustpilot. 028 95 380 910; ... MCS ...

Northern Solar are MCS approved. We offer Solar Panel Installation, Maintenance and Repairs for Residential or Commercial Systems across the U.K.

Solarwatt panel installers. Get solar panels fully fitted from &#163;4,999. Solar Power NI are the leading solar panel installers with over 23 years experience in the industry. We design, and fit full solar ...

Our team makes solar panel, battery storage and EV charger installations simple, efficient, and affordable, ensuring projects are on time and within budget. From free consultations to expert ...

We are an experienced photovoltaic design, installation and commissioning company based in the North West, working around the UK. We have the experience and knowledge to tailor systems ...

Solar Panels, also known as Photovoltaic or PV panels work by converting energy from the sun into electricity. First Class Solar have the expertise to help you find the most suitable solution for your home or ...
