Where can I buy a battery for a Mercedes-Benz?

Interstate offers most battery size groups, including a battery that is an exact fit for Mercedes-Benz cars. Overall a good choice and can often be found at NAPA stores. Johnson Controls also makes interstate batteries. Bosch According to a Reuters article in 2008, Exide was contracted to supply Bosch-branded batteries.

Which Mercedes-Benz battery is best?

The Exide Edge 94R Flat Plate AGM Sealed Automotive Battery is also an exact fit for most Mercedes-Benz models including E, C, S, CLK, CLS, ML, GL, R-Class. It does not require any modification to install it, unlike the Optima batteries. You will also notice that it is one of the highest-rated batteries on Amazon.

What are the best car batteries at Walmart?

EverStart is a signature of every Walmart Auto Car Center, similar to how DieHard was synonymous with Sears for many years. The EverStart Maxx Lead Acid Battery is the least expensive option on our list of the best car batteries, with solid ratings on Walmart's website. Walmart will also install EverStart batteries for free after purchase.

Are AGM batteries worth it?

Based on their design, AGM batteries are a better long-term value, outperforming traditional batteries in every category, including usable service life. This best car batteries guide includes a description of each one, along with their specifications, features, and warranty info. Check your owner's manual to determine the correct group size.

Should I replace my Subaru battery?

If your current battery has had some dead issues, it may have some damage and is probably wise to replace it with an AGM type. But definitely eliminate the shutdown cycling by ECU reprogramming or at least parking lights on. The Subaru battery issue just doesn't go away. It should. Shame on Subaru for letting this go so far.

What is the best car battery?

However, our recommendation for DieHard as one of the best car batteries comes mainly from personal experience. We ran a DieHard battery in our first compact truck, a higher mileage 2001 Ford Ranger with a 4.0 SOHC V6 we bought in the summer of 2003.
