

# Santo Domingo professional capacitor processing factory

Where are electronics manufacturers located in the Dominican Republic?

Most of the electronics manufacturers in the Dominican Republic are concentrated on the country's southeastern coast around the provinces of San Cristóbal, Santo Domingo, and San Pedro de Macorís, although there is another important cluster in the northeastern part of the country centered around the Santiago province. (See figure 4.)

How can the Dominican Republic help the semiconductor industry?

As such, the Dominican Republic is poised to both play an important role in helping diversity and make more sustainable and resilient global supply chains in the semiconductor sector. Acknowledgments The author would like to thank Robert Atkinson, Marielle DeVos, and Ian Tufts of ITIF for their assistance on this report.

What makes the Dominican Republic a good country for electronics manufacturing?

The 25 leading electronics manufacturers operating in the Dominican Republic's FZs provide a well-developed advanced electronics manufacturing base to serve as a springboard for the country getting into semiconductor ATP and PCB manufacturing.

Can the Dominican Republic capture semiconductor-sector investment?

As the Dominican Republic seeks to migrate up the advanced manufacturing value chain in electronics to potentially capture semiconductor-sector investment, the country recognizes it needs to foster a regulatory environment that provides stability, certainty, predictability, and transparency to investors.

How many electronics companies are in the Dominican Republic?

Twenty-five leading electronics companies are active in the Dominican Republic's FZs, led by enterprises such as Eaton, Rockwell Automation, Jabil, Fenix Manufacturing Solutions, and Cutler Hammer Industries; 16 of these 25 electronics companies are headquartered in North America, with 22 of the 25 the subsidiary of a foreign parent.

What is the manufacturing environment like in the Dominican Republic?

The Dominican Republic offers a cost-competitive manufacturing environment. Two of the most notable electronics manufacturers in the Dominican Republic are Eaton Corporation and Rockwell Automation.
