

## United Arab Emirates state-owned new energy enterprise battery

Will statevolt build a battery factory in the United Arab Emirates?

29. April 2024 California-based battery producer Statevolt plans to manufacture solid-state battery cells in the United Arab Emirates (UAE) by the end of 2026. Sister company Statevolt Emirates is preparing to build a 3.2-billion dollar gigafactory in Ras Al Khaimah.

What is statevolt Emirates doing in Ras Al Khaimah?

Sister company Statevolt Emirates is preparing to build a 3.2-billion dollar gigafactory in Ras Al Khaimah. With an annual production capacity of up to 40 gigawatt-hours, the project aims to tap into the emerging export markets for battery storage and electric mobility in the Middle East region, including Africa and India.

Will the UAE deploy 300mw/300mw of Bess capacity by 2026?

It follows EWEC's recommendation made this time last year that the UAE should deploy 300MW/300MWh of BESS capacity by 2026. It didn't reveal when it hoped the 400MW (MWh capacity undisclosed) would come online, so it's not clear whether this is part of a longer-term target or whether its forecasted needs have increased.

Is Dubai building a 250MW PHES plant?

Dubai Electricity and Water Authority (DEWA), a utility in the neighbouring Emirate of Dubai, is building a 250MW PHES plant for a reported 2024 operation.

How will al Ghail contribute to the UAE's 'Vision 2031'?

The company's UAE facility will be built in the Al Ghail Industrial Park in the Ras Al Khaimah Economic Zone. The project is expected to create up to 2,500 direct jobs and to significantly contribute to the UAE's "Vision 2031" for a "future-oriented economy and society."
