

Which brand of battery has the worst quality

Do batteries rank better than other brands?

Ranking brands is different from ranking batteries, of course, and it turns out to be a lot more complicated. You cannot necessarily trust that every battery made by one brand is automatically better than every comparable battery from any other given brand.

Is eBay a good place to buy fake batteries?

As wonderful as eBay is as a resource for just about anything, it can also be a frustrating source of counterfeit and fake products. Let's look at the sad case of UltraFire, a Chinese battery brand that has become so closely associated with poor quality (and dangerous) fakes that it's impossible to recommend.

Are Duracell car batteries good?

Duracell is about as big a name as it gets in the battery world, and drivers may be pleased to learn that the well-known brand manufactures car batteries too. In terms of customer reviews, Duracell's car batteries are some of the best out there, and they're pretty highly rated.

Which alkaline battery is best?

CinemaSound rated the cost per hour for Fuji's EnviroMax AA at the highest of all alkaline batteries they tested, edging out the Duracell Procell. Fujitsu is slightly more consistent in the sense that the battery brands we considered were almost all around the bottom of the pack, with the strange exception of the Fujitsu Universal Power AA.

What are the best lithium ion rechargeable batteries?

Still, we must acknowledge the good ones, and some of the more highly regarded brands in the Lithium-ion rechargeable battery space include Samsung, Sanyo/Panasonic (who also make good 1.2v Li-ion rechargeables), LG, Sony, Shockli, Keppower, LiitoKala, AWT, Tensai, Windyfire and Efan.

Does AutoZone sell Duralast batteries?

Duralast is a battery brand owned by popular parts store AutoZone. However, unlike some other store-brand car batteries, you don't need to visit AutoZone to get your hands on a Duralast battery. They're available from most outlets that sell car batteries.
